

Orario scolastico settimanale scuola Secondaria.

Questa risorsa è stata strutturata pensando alla scuola Secondaria.

All'interno troverete:

- un esempio di orario scolastico **settimanale**
- due orari scolastici **settimanali vuoti** (lun-ven e lun-sab)
- **simboli di ritaglio** per comporre l'orario scolastico settimanale
- una "**striscia giornaliera**" per creare l'orario scolastico giorno per giorno insieme al tuo alunno, tenendo accanto l'orario completo settimanale.

Tutto il materiale può essere modificato con InPrint e personalizzato.

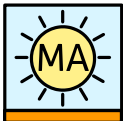

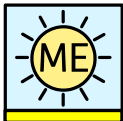

Puoi stampare, ritagliare, incollare, plastificare ed utilizzare il velcro dove necessario (nella "striscia GIORNALIERA" e dietro ad ogni simbolo di ritaglio) a seconda delle tue esigenze.
