

SCRIVI LA DATA SUL QUADERNO.

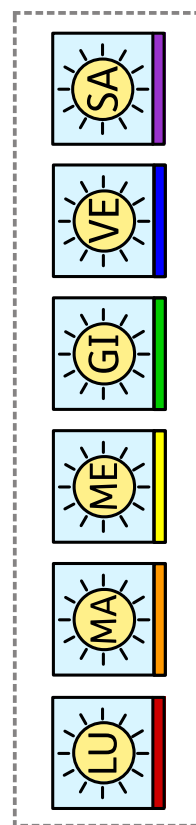

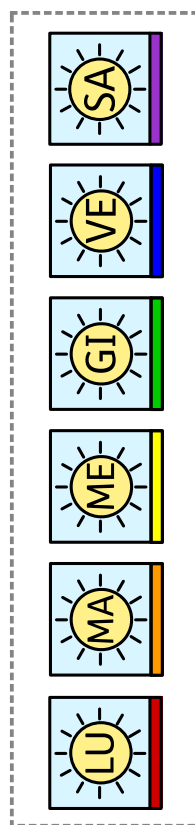

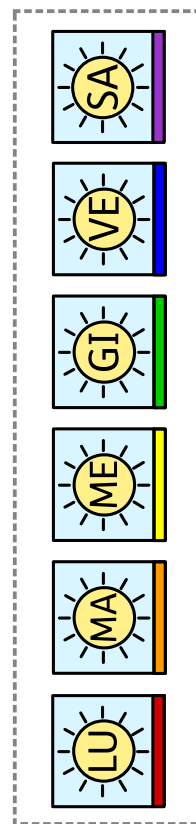

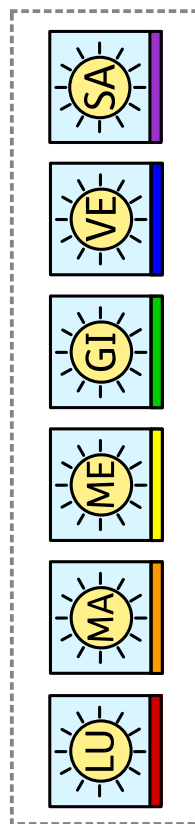

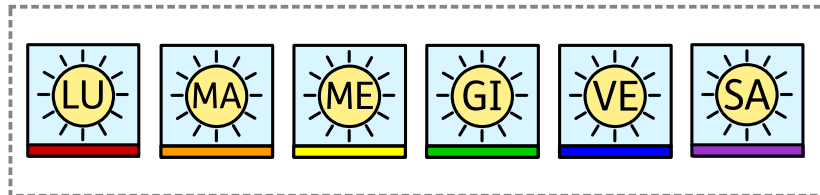

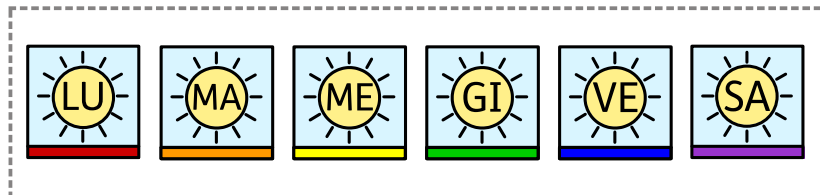

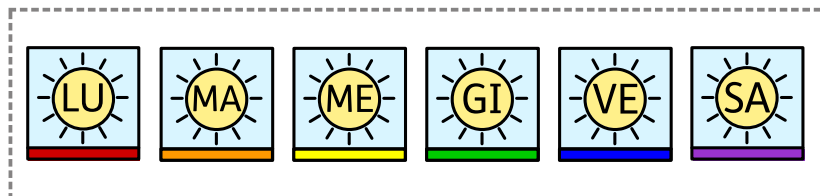

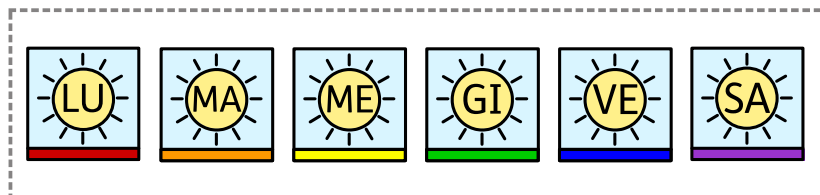

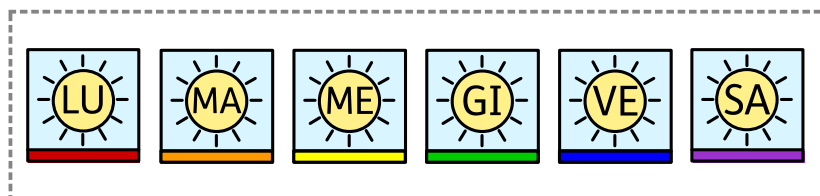

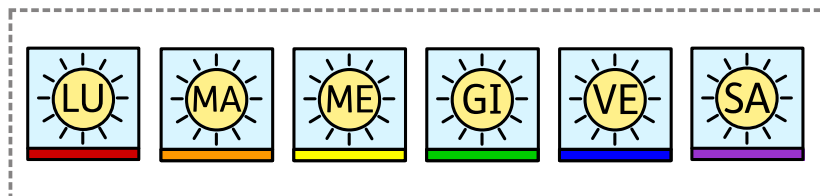

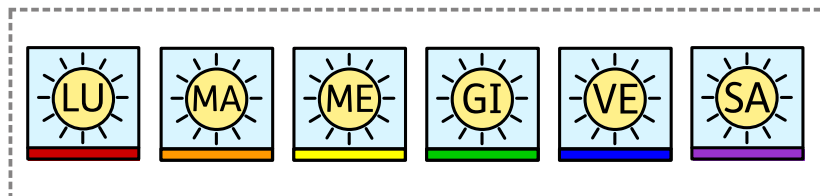

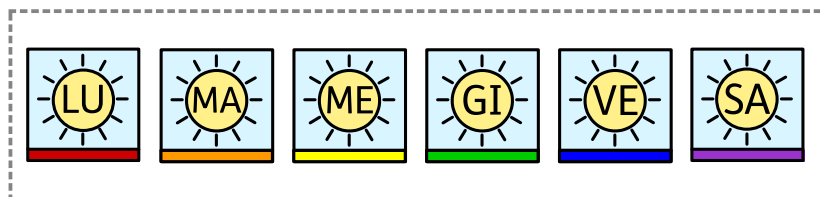

Per comporre la data sul quaderno, stampa, ritaglia ed incolla insieme al tuo alunno i simboli presenti nelle pagine successive. Qui sotto ci sono **due diversi esempi**. Nel primo il giorno della settimana viene ritagliato e applicato al pari di numero, mese ed anno. Nel secondo, il giorno della settimana si trova all'interno di una striscia settimanale, questa seconda opzione può favorire bambini e ragazzi che ancora non hanno appreso la sequenza esatta dei giorni.

SIMBOLI DI RITAGLIO - Singoli giorni della settimana.

SIMBOLI DI RITAGLIO - Striscia settimanale solo simbolo, barrare il giorno corrente.

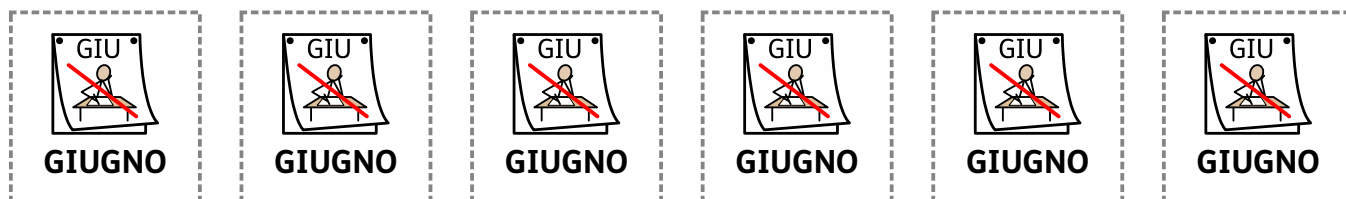

SIMBOLI DI RITAGLIO - Il giorno del mese.
