OLIO DI SEMI

Impasta la farina, uova , sale fino ad ottenere un impasto omogeneo.

Metti l'impasto in una ciotola, copri lo con pellicola trasparente e lascialo riposare in frigorifero **per 20 minuti circa**.

Stendi l'impasto con il matterello fino ad assottigliarlo il più possibile.

Crea un rettangolo con la pasta, spolverizzalo con lo zucchero a velo e aggiungi scorza d'arancia grattugiata

Arrotola il rettangolo di pasta. Avvolgi il rotolo nella pellicola trasparente e mettilo in frigo **per 20 minuti circa**.

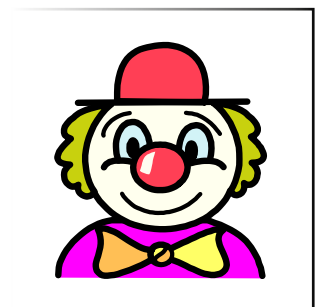

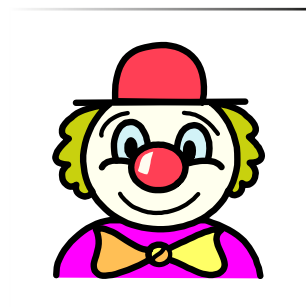

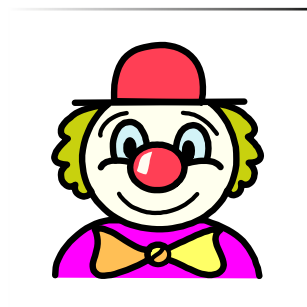

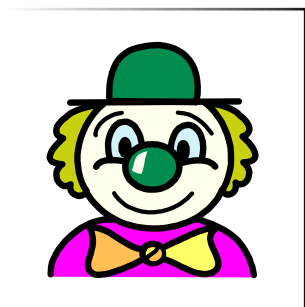

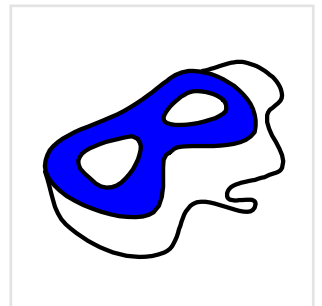

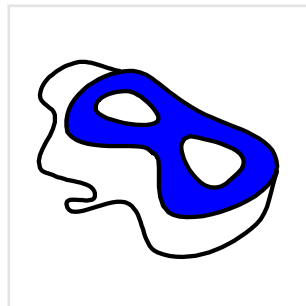

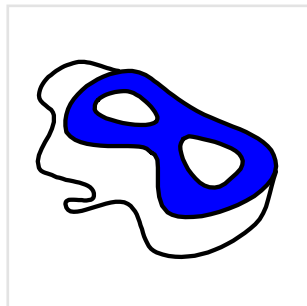

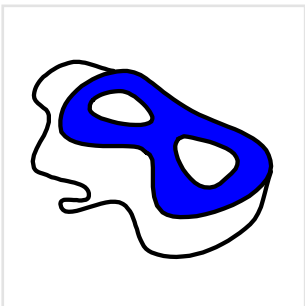

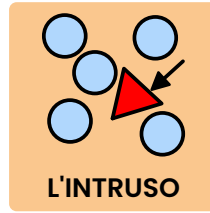

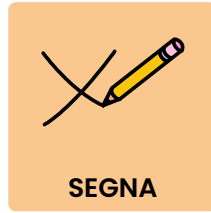

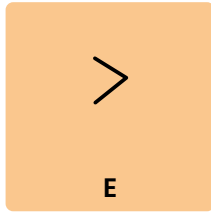

Togli il rotolo dal frigo e taglialo a fettine di pochi millimetri l'una.

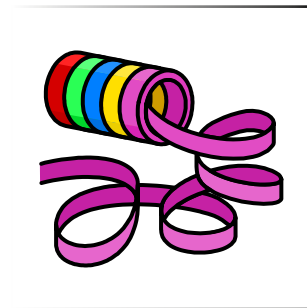

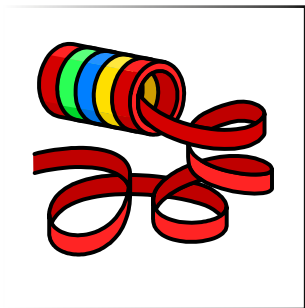

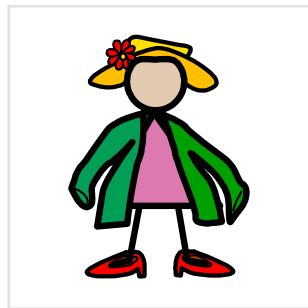

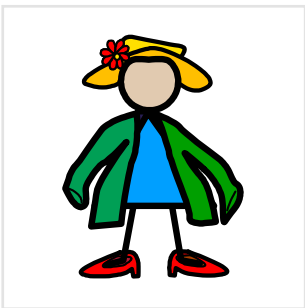

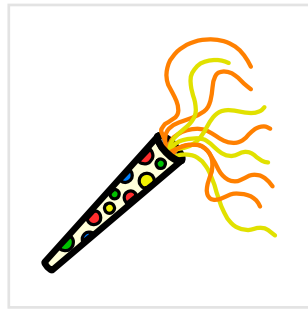

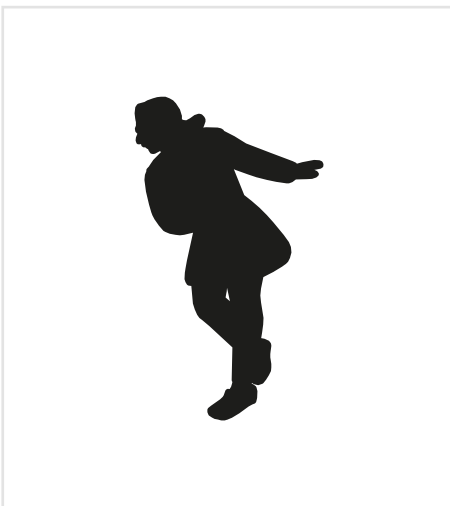

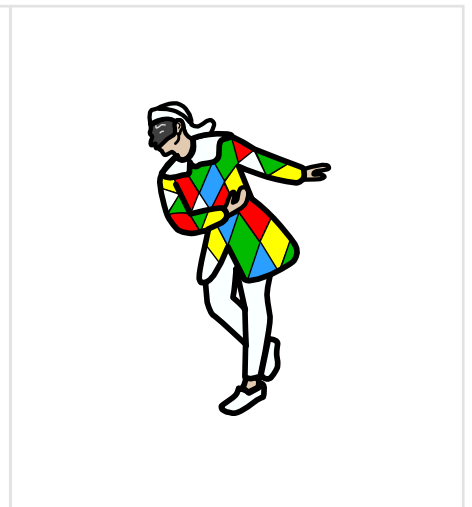

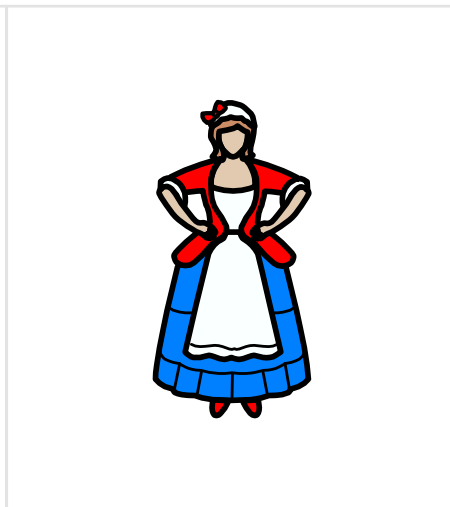

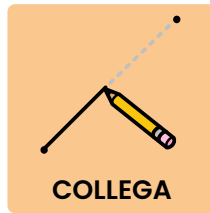

Fai scaldare abbondante olio di semi in una pentola alta e, quando sarà ben caldo, friggi le tagliatelle di carnevale.

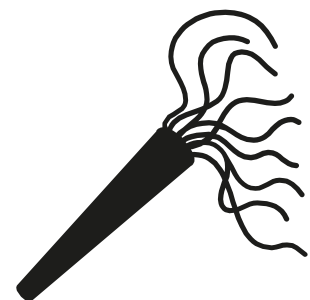

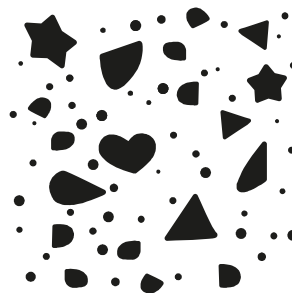

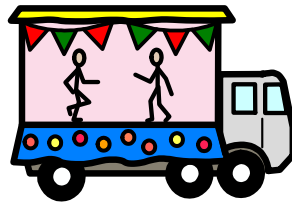

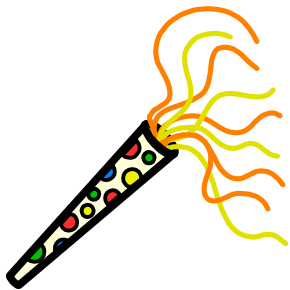

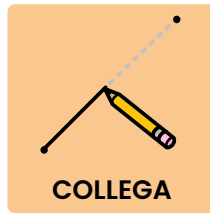

Scola le tagliatelle dolci di carnevale su carta assorbente e cospargi con zucchero a velo.
